Part # 3 - The Story

- Once upon a time, there was a boy named Alfred who decided to build a small tree house. He went through his yard and picked up all the spare pieces of wood planks that he could find. He gathered small ones and big ones and piled them all up near the Oak Tree. He figured, he also need nails and a hammer to assemble his tree house. He went to his father's workshop and found a good-sized hammer that he could use. He looked / searched in the drawers and finally found a box of nails. He brought everything back with him to the yard / Oak Tree and started building his small tree house. By Supper time, Alfred was tired, but he was determined of his work. Maybe, his dad could have helped him with that.
